

Only travel agencies can provide you with *the best deals* in (and out of) town

With so many ways to book your travel, you can't afford to limit your options to just one supplier – you risk receiving less value for your money.

Real choice = full travel options

Only travel agents can provide you with the widest range of options including air, hotel and car rental from numerous suppliers, giving you the control to make informed choices when booking your travel.

Guaranteed best value

If you are looking for real, low fares and optimum value you need to comparison shop travel suppliers. Only travel agencies can provide you with **the whole picture** for access to fares from all suppliers and channels including the web, low-cost carriers and last minute offers. In fact, a recent independent third-party study comparing various travel distribution channels showed that when booking business travel, travel agencies obtain a lower or equal fare over 90% of the time.

Peace of mind

In the event of an airline crisis or other emergency situation that could affect your travel plans, not only can travel agencies offer assistance in arranging alternative travel arrangements, but in many cases they are also insured against airline or other travel supplier failures, so you will be better protected.*

Why limit yourself? Get your hands on all the options and travel on your terms.
