

## **Harmony Hi Low**

For those who may need a little assistance transitioning from sitting to standing to get out of bed, the Harmony Hi-Low can help you stand with the touch of a button. This is also a great option for those who require patient care at home or in an assisted living environment. The Harmony Hi-Low provides the features of a homecare bed without the institutional look. The removable rear section of the bed frame even allows the user to attach their residential headboard making it a beautiful addition to your room.
