AVAILABLE IN FOUR SIZES, FEATURES THE STRONGEST AND ONE OF THE MOST STABLE WALKERS ON THE MARKET TODAY.

The Evolution model uses 1-1/8" steel tubing, the same material used in mountain bike fabrication. Strong 1" tubing is used on the handles, every fastener is stainless steel or plated against corrosion. The Evolution series offers unmatched stability for users suffering from neurological conditions such as Multiple Sclerosis and Parkinson's or users requiring a high weight capacity.
